

Facilities Provided to girls/women in the College

The college has high concern for the safety and security of women in the college by providing separate washrooms for women students as well as faculty with 24 hours water supply. Women students are also provided separate Girls' Common Room where they come together and interact during their off periods. They are also provided the facilities of first aid box, newspapers and indoor games such as Chess, Carom and Puzzles. A lady teacher is appointed to look into the affairs of Girls' Common Room. The appointed lady teacher interacts with the women students by understanding their ideals, dreams and passion. This interaction gave the women students a free space in voicing their ideas. Women students played an active role in leading the college activities.
